

Chucks & Liners

Speedway Packaging Machinery makes all their own chucks and liners to meet the needs of their customers. In addition to our standard sizes, Speedway will make custom chucks and liners to suit your job. All chucks are made of stainless steel and use an allen key for locking in place. Liners are manufactured in our shop using a variety of materials to give the customer the best grip on their caps. We can provide you with liners made from PGA rubber or urethane depending on the hardness or non-marking qualities needed.

Speedway Packaging Machinery can also provide you with tightening discs, custom grippers and seal washers.

Standard Chuck and Liner Selector

Place the edge of the inverted cap on the left hand side of the gauge above. The lowest exposed number on the right side of the cap corresponds to the chuck and liner size listed below.

Standard Size	Chuck	Liner
# 100, # 104, # 108, # 110, # 112, # 114	\$70.00	\$6.00
# 200, # 204, # 208, # 210, # 212, # 214	\$100.00	\$8.00
# 300, # 304, # 308, #312,	\$130.00	\$10.00
# 400, # 405	\$160.00	\$15.00
# 502, #508	\$270.00	\$20.00

- Please note prices are subject to change

Please specify liner compound (Urethane or PGA)
Custom sizes are available – Please inquire.
