

SPEEDWAY

SPM-562MS Case Sealer

Mini design for small boxes
Side Belt Drive

Features:

The **SPM-562M** uses a new tape head design incorporating a V-shaped plate (patented) designed to keep the tape straight and in position for consistent sealing of every carton. Separately driven side drive belts, provide high precision, low noise and long belt life. The overhead support is cushioned to adjust to small variations in boxes and prevent jamming.

Machines come standard with infeed and outfeed extension roller tables.
