

PACK LEADER

SPM-622W FRONT & BACK LABELER

Stepper Driven

The SPM-622W Front & Back Labeler with wrap is suitable for a variety of shapes of products for one or two sided labeling using a touch screen control system for user friendly, high speed accurate labeling. The PL-622W also has the ability to apply wrap labels on round bottles, making it an extremely versatile machine. Castors and threaded leveling feet are installed on the chassis for greater mobility.

Speedway stocks this machine for quick delivery
And takes care of CSA certification.

Manufactured by:

PACK LEADER MACHINERY INC.

Taiwan, R.O.C.

The SPM-622W Front & Back Labeler with Wrap has powerful features to meet production needs!!!

- ◆ The touch screen control delivers fast, easy set-up.
- ◆ The built in operation manual and instructions makes training efficient.
- ◆ Easy and fast adjustment for reliable label positioning.
- ◆ Can be adapted to different application needs allowing smooth production runs and no hassles for high efficiency.
- ◆ Stepper motor drive for accuracy.
- ◆ Set label position with a touch of a button, no need to adjust the sensor.
- ◆ When the programmable counter reaches a pre-set setting, it will automatically stop for convenient production control.
- ◆ Convenient synchronized speed selections.
- ◆ Integrated missing label detection to prevent mislabeling.
- ◆ Adjustable printer dwell time for clear coding.
- ◆ 30 memory slots to store labeling parameters for future use.
- ◆ High mobility— casters coupled with threaded leveling feet, provides a wide range of adjustments.
- ◆ Fast, accurate labeling combined with a wrap station make this a very versatile machine..
